

**Humanitarian project of the state institution**  
**"Children's boarding house for disabled children with special needs of psychophysical development"**

1	<b>Project name:</b> "Social car for disabled children".
2	<b>Project implementation period:</b> 2021-2022
3	<b>The applicant organization offering the project:</b> State Institution " <a href="#">Children's boarding house for disabled children with special needs of psychophysical development</a> ".
4	<b>Project objectives:</b> <ol style="list-style-type: none"> <li>1. To provide transport for disabled children of groups I and II, wheelchair users, disabled people with musculoskeletal system damage living in the State Institution "Children's boarding house for disabled children with special needs of psychophysical development", Minsk;</li> <li>2. Ensuring accessibility of socially significant facilities and social integration of disabled children into society.</li> </ol>
5	<b>Tasks:</b> <ol style="list-style-type: none"> <li>1. Strengthening the material and technical base of the children's boarding house in the form of a social car;</li> <li>2. Purchase of a car equipped with equipment for transporting disabled children;</li> <li>3. Ensure accessibility of social infrastructure facilities to disabled children;</li> <li>4. Improving the conditions and improving the quality of life of disabled children with special psychophysical development.</li> </ol>

6	<b>Target group:</b> disabled children with special features of psychophysical development.	
7	<b>A brief description of the activities within the project:</b> - purchase of specialized transport; - carrying out the necessary procedures for the operation of a social car (register a vehicle, diagnose a vehicle, insure a car, issue a permit for the admission of a vehicle to participate in road traffic); - provision of transport services to disabled children. This project is aimed at solving social problems related to the accessibility of the living environment for disabled children with special psychophysical development.	
8	<b>Expected results:</b> 1. The social car will give the opportunity to travel to disabled children who cannot use ordinary transport; 2. Ensuring accessibility of social infrastructure facilities to disabled children; 3. With the purchase of a social car, it will be possible to make group trips; 4. A social car will allow us to deliver our wards to their destination and back in a timely manner; 5. The presence of a social car will ensure compliance with security measures in the conditions of the spread of Covid-19; 6. Improving the conditions and improving the quality of life of disabled children.
